HURRICANE SEASON

1 Jun – 30 Nov

Briefer: MSgt Clark

Overview

- **Storm Basics**
 - **Terminology**
 - **Hazards**

Terminology

Tropical Depression: An organized system of clouds and thunderstorms with a defined surface circulation and maximum sustained winds of **38 mph or less**

Tropical Storm: An organized system of strong thunderstorms with a defined surface circulation and maximum sustained winds of **39-73 mph**. The convection in tropical storms is usually more concentrated near the center with outer rainfall organizing into distinct bands.

Hurricane: An intense tropical weather system of strong thunderstorms with a well-defined surface circulation and maximum sustained winds of **74 mph or higher**. Hurricanes are designated categories based on their sustained wind speed. Hurricanes in categories 3, 4, & 5 are known as Major Hurricanes.

Hurricane Categories

Category	Sustained Winds	Types of Damage Due to Hurricane Winds
1	64-82 Kts (74-95 mph)	Very dangerous winds will produce some damage: Well-constructed frame homes could have damage to roof, shingles, vinyl siding and gutters. Large branches of trees will snap and shallowly rooted trees may be toppled. Extensive damage to power lines and poles likely will result in power outages that could last a few to several days.
2	83-95 Kts (96-110 mph)	Extremely dangerous winds will cause extensive damage: Well-constructed frame homes could sustain major roof and siding damage. Many shallowly rooted trees will be snapped or uprooted and block numerous roads. Near-total power loss is expected with outages that could last from several days to weeks.
3 (Major)	96-112 Kts (111-129 mph)	Devastating damage will occur: Well-built framed homes may incur major damage or removal of roof decking and gable ends. Many trees will be snapped or uprooted, blocking numerous roads. Electricity and water will be unavailable for several days to weeks after the storm passes.
4 (Major)	113-136 Kts (130-156 mph)	Catastrophic damage will occur: Well-built framed homes can sustain severe damage with loss of most of the roof structure and/or some exterior walls. Most trees will be snapped or uprooted and power poles downed. Fallen trees and power poles will isolate residential areas. Power outages will last weeks to possibly months. Most of the area will be uninhabitable for weeks or months.
5 (Major)	≥ 137 Kts (≥ 157 MPH)	Catastrophic damage will occur: A high percentage of framed homes will be destroyed, with total roof failure and wall collapse. Fallen trees and power poles will isolate residential areas. Power outages will last for weeks to possibly months. Most of the area will be uninhabitable for weeks or months.

Hurricane Conditions (HURCON)

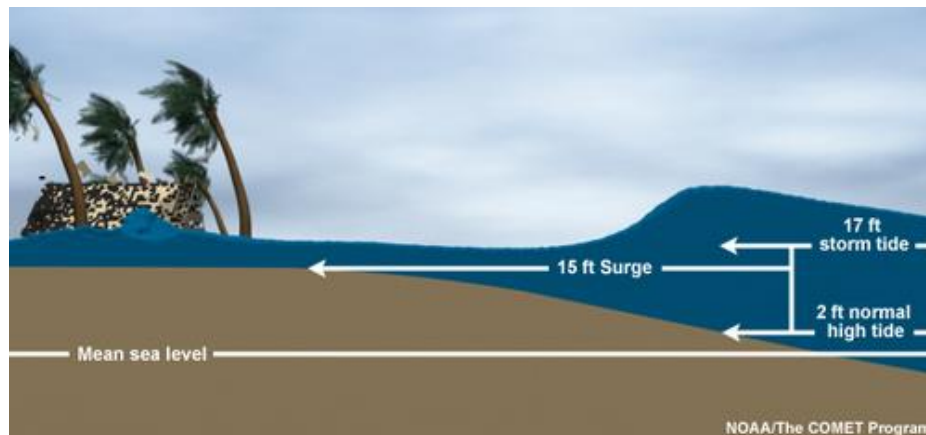

Updated 4 Aug 2016

- **HURCON 5** – 96 Hours from onset of 50kt/58mph winds.
- **HURCON 4** – 72 Hours from onset of 50kt/58mph winds.
- **HURCON 3** – 48 Hours from onset of 50kt/58mph winds.
- **HURCON 2** – 24 Hours from onset of 50kt/58mph winds.
- **HURCON 1** – 12 Hours from onset of 50kt/58mph winds.
- **HURCON 1E** – 50kt/58mph winds are occurring and other dangerous condition associated with the storm are present.
- **HURCON 1R** – Storm hazards have passed but damage may persist. Recovery operations begin.

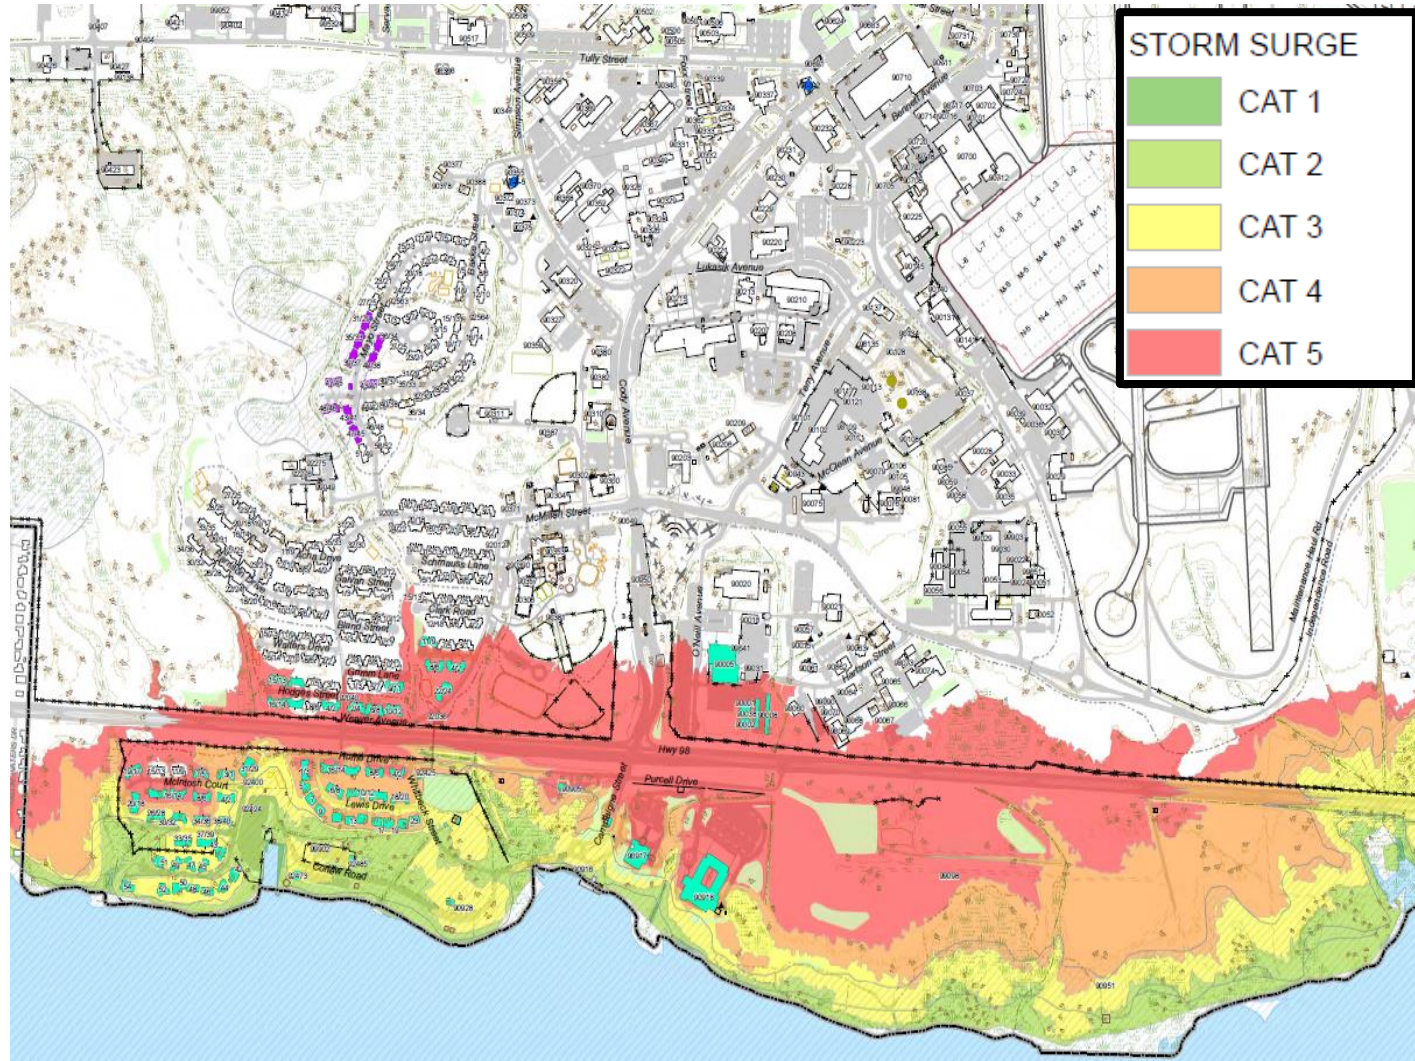

Hazards

- **Storm Surge:** an abnormal rise of water generated by a storm, over and above the predicted astronomical tides.
- **Storm Tide:** the water level rise due to the combination of storm surge and the astronomical tide. This rise in water level can cause extreme flooding in coastal areas particularly when storm surge coincides with normal high tide, resulting in storm tides reaching up to 20 feet or more in some cases.

Storm Surge

Hazards

- **Tornadoes:** most often occur in thunderstorms embedded in rain bands away from the center of the hurricane; they can also occur near the eyewall. Tornadoes produced by tropical cyclones are relatively weak and short-lived, but they still pose a significant threat.
- **Flooding:** torrential rains in excess of 6 inches, may result in floods. Flooding is the major threat for people living inland. Flash flooding, can occur quickly due to intense rainfall. Longer term flooding on rivers and streams can persist for several days after the storm. When approaching water on a roadway, always remember Turn Around Don't Drown.
- **High Winds:** Hurricane-force winds, 74 mph or more, can destroy buildings and mobile homes. Debris, such as signs, roofing material, siding and small items left outside become flying missiles during hurricanes. Winds can stay above hurricane strength well inland.

U.S. AIR FORCE

Overview

- **Installation Actions**
 - **Sheltering**
 - **Evacuations**
 - **Individual Actions**
 - **Preparation**
 - **Sheltering**
 - **Resources**
-

U.S. AIR FORCE

Evacuation Types

- **Voluntary Evacuation**
 - Release non-mission essential personnel
 - Liberal leave for civilians
 - No reimbursement

- **Recommended Evacuation**
 - Release non-mission essential personnel
 - Administrative leave for civilians
 - No reimbursement

- **Mandatory Evacuation**
 - Release all personnel (unless designated)
 - Administrative leave for civilians
 - Some costs are reimbursable

U.S. AIR FORCE

Mandatory Evacuation History

- **Hurricane Ivan landfall Sep 16, 04:**
 - Sept 13 Aircraft evacuated
 - Sept 14 mandatory evac base personnel & family members
 - Sept 16 Landfall
 - Sept 19 all aircraft returned
 - Sept 21 Mandatory evac status terminated
 - Sept 22 All personnel report for normal duty

 - **Hurricane Dennis landfall July 10, 05:**
 - July 8 Aircraft evacuated
 - July 9 mandatory evac base personnel & family members
 - July 10 Landfall
 - July 12 all aircraft returned
 - July 12 Mandatory evac status terminated
-

U.S. AIR FORCE

Individual Actions

- **PLAN AHEAD!**
 - Family care plans
 - Evacuation routes
 - Plan for severe congestion
 - Safe haven locations
 - Know where you are going and how you are getting there
 - Disaster supply kit

 - Notify family members if you are appointed to the Hurricane Ride-Out Team or aircraft evacuation team
 - Family members may be required to evacuate without you

 - Comply with mandatory evacuation orders
 - Mandatory means Mandatory
 - Adhere to specified radius
 - Do not leave your pets behind

 - Do not return until recalled
-

U.S. AIR FORCE

Individual Actions

- **Build a disaster supply kit**
 - Plan for 3 to 7 days
 - Non-perishable food
 - Bottled water (one gallon per person per day)
 - First-aid supplies and any prescription medication
 - Portable radio with spare batteries
 - Clothes/shoes
 - Toiletries/hygiene items
 - Flashlight with spare batteries
 - Money (Cash)
 - Important documents
 - Bedding (sleeping bags/pillow/air mattress)
 - Books, toys, games for children
 - Special needs items
 - **ENSURE YOUR VEHICLE IS FUELED AND SERVICEABLE!!**

U.S. AIR FORCE

Individual Actions

- **Sheltering**

- **On-Base Shelters are only open up to a Category 2 storm**

- **Commando Fitness Center; BLDG 90232; 884-4412**
 - **Youth Center; BLDG 90304; 884-6355**
 - **Aderholt Fitness Center; BLDG 90517; 884-6884**

- **Off-Base Shelters**

- **Okaloosa County Shelters**

- <http://ftpgis.co.okaloosa.fl.us/publicsafety/shelters.htm>

U.S. AIR FORCE

Questions

Okaloosa County Department of Public Safety

Emergency Management Division

WEATHER FACTORS

- ◉ **The orientation and position of the Azores and Bermuda high-pressure areas in the Atlantic**
- ◉ **The dissipation of El Nino**
- ◉ **The frequency and amount of dust that accompanies disturbances moving off the African coast**

Hurricane Dangers

▶ Tornados

- Cause an average of 65 deaths and 1,500 injuries a year
- Winds in excess of 200 mph possible
- The largest can be 1 mile wide

▶ Flash Floods and flooding

- Number one cause of death associated with thunderstorms and hurricanes
- Average more than 90 deaths per year

Tornadoes

- ▶ 88% of all tornadoes are classified as weak
 - EF0 or EF1
 - Winds 110 mph or less
 - Last 1 to 10 minutes
- ▶ 11% are strong or EF2 or EF3
 - Winds 111 to 165 mph
 - Could last 20 minutes or longer
- ▶ Only 1% are classified as violent EF4 or EF5
 - Winds of 165+, can last 1 hour+

Tornado Actions

- ▶ Have a way to receive the warnings
 - Tornado watch
 - Tornado warning
 - Alert Okaloosa / weather radio
- ▶ Take cover in a sturdy building in an interior room or hallway away from windows
 - Leave windows closed
- ▶ If you are caught outside or in a car
 - Find a place that is below the roadway level and lie flat
 - Cover your head with your hands
 - Hiding under an overpass is not safe

Flash Floods / Flooding

- ▶ **Flash floods:** usually occur in less than 6 hours after the start of heavy rain or sudden release of water
- ▶ **Flooding:** inundation of a usually dry area that takes that takes more than 6 hours
- ▶ Both are the number 1 cause of death associated with thunderstorms
 - More than half occur from driving into the flood water
 - 6 inches of fast flowing water can knock you off your feet
 - Two feet or less can wash away most vehicles including SUVs and Pickups
 - **Turn around, don't drown!**

Alert Okaloosa

- Website – updated around the clock
 - Provides tailored planning information
 - Daily Briefing <http://alertokaloosa.website/>
 - Weather Center
 - Shelter Information
 - Register for “Alert Okaloosa” Weather Alerts
 - We do not use sirens
 - Alert Okaloosa is an automated and manual warning system
 - 1,000 calls per minute
 - www.okaloosafl.com and click on the Alert Okaloosa Icon to register

Disaster Information

- Dial 311 in the county or 850-609-7000
 - Receive real time information (When EOC is Activated)
- www.okaloosafl.com
- AM 1260, AM 1050, FM 105.5, FM 104.7, FM 99.5
- Okaloosa County Public Safety Facebook
- OKALOOSAEIOC (Twitter)

PLAN FOR EVACUATION

○ Ask these questions

- Do I need to evacuate?
- What do I need to take with me?
- Where will I go?
- How will I get there?
- Where will I stay when I get there?

WHY PREPARE?

- The first 72 are on YOU.
 - Storms could cause extensive damage to infrastructure (roads, power, water)
 - Stores and pharmacies could be closed for an extended period
 - PODs may not open quickly
- Your family is depending on you

INDIVIDUAL PREPARATIONS

- ◉ When should I start preparing?
 - If you have not already started, start now!
 - Sign up for Ready Okaloosa and Code Red
- ◉ How do I get started?
 - Perform a hazard analysis
 - Look around your home
 - Look around your neighborhood
 - Look around your community
 - Look around your business

INDIVIDUAL PREPARATIONS

- **Make a Family or Business Disaster Plan**
 - After the hazard analysis look for ways to mitigate the hazards
 - Locate the safe areas in your home/business
 - Plan escape routes from your home/business
 - Get a weather radio and fresh batteries
 - Pick two places to meet
 - Have an out of state friend to be your family contact or plan for business evacuation

DISASTER PLAN

- Find and post the emergency numbers for your community
- Take a first-aid class
- Teach your children how and when to call 911
- Check your insurance
- Plan for your pets
- Practice your plan
- Plan for an evacuation

SHELTER SPACES

• Total 2011 shelter spaces	Sq ft Avail	15 sq ft per person	20 sq ft per person
– Antioch Elementary (GP / Pets)	26,055	1,737	1,303
– Baker School (GP)	3,990	266	199
– Choctaw High (First Responders)	6,525	435	326
– Davidson Middle School (GP, SPNS, Pets)	49,005	3,267	2,450
– Kenwood Elementary (GP)	7,005	467	350
– Raider Arena (GP, Pets)	40,500	2,700	2,025
– Riverside Elementary (GP)	40,192	2,679	2,010
– Shoal River Elementary (GP)	54,794	3,653	2,740
Total	228,066	15,204	11,403

2018 Hurricane Predictions

- Above average season
- 14 Named Storms average is 12
- 7 Hurricanes average is 6
- 3 Major Hurricanes average is 2
- 38% Chance Gulf Coast Impact average is 30%
- What does all this mean, be prepared. If you are prepared have a plan and supplies this will help ease tensions should a storm affect our area.

QUESTIONS?

U.S. AIR FORCE

Office of the Staff Judge Advocate 1st Special Operations Wing

U.S. AIR FORCE

NATURAL DISASTER CLAIMS PROCESSING

- People living in base housing can file with the Air Force Claims Service Center
 - <https://claims.jag.af.mil/>
 - File with renters, homeowners, or vehicle insurance first
 - May file for deductible- but no guarantee of reimbursement
-

U.S. AIR FORCE

WHAT IS COVERED?

- Personal property including food spoilage, vehicle damage; standard depreciation is applied; payment limitations on certain items
 - Claimants must first file with private insurer unless damage is less than deductible
 - Claimant must itemize/breakdown food loss
 - Partial payments may be authorized
 - Request funding as required
-

U.S. AIR FORCE

PRE-DISASTER PREPARATION TIPS

- Power outages: Set refrigerators on highest setting
 - Floods: Avoid parking or driving in low-lying areas and elevate items from floor in residence
 - Shelters: open to off base personnel, but primarily for on-base; damages are not incident to service unless they were ordered there
-

U.S. AIR FORCE

OVERVIEW

- **Evacuation Types**
- **Evacuation Order**
- **Evacuation Entitlements**
- **TDY Orders**

U.S. AIR FORCE

EVACUATION TYPES

- Wing Commander gives the order to evacuate

 - Voluntary Evacuation
 - Release non-mission critical personnel
 - Liberal leave for civilians
 - No reimbursement

 - Recommended Evacuation
 - Release non-mission critical personnel
 - Administrative leave for civilians (Non-Chargeable)
 - No reimbursement
-

U.S. AIR FORCE

EVACUATION ORDER

- Mandatory Evacuation (can be limited)
 - Mission critical personnel in duty status during evacuation
 - Non-mission critical personnel administrative leave (DoD Civilian/NAF)
 - Some costs reimbursable (Mileage, lodging, and meals)

 - Members are only entitled to the funds named in this briefing if a mandatory evacuation is ordered

 - When evacuation order is given, the authorized Safe Haven Locations will be contained in Battlestaff directive
-

U.S. AIR FORCE

EVACUATION ENTITLEMENTS

- Member's duty status must be covered
 - On Duty
 - TDY
 - PCS
 - Leave
 - Members on leave (outside of the local area) will remain in leave status
-

U.S. AIR FORCE

EVACUATION ENTITLEMENTS CONT.

- Entitlements are effective the date evacuation order given
 - Member/dependent not entitled to reimbursement for early departure
 - Entitlements cease on the date evacuation is terminated
 - All ordered to evacuate (military dependents/civilian family members) receive
 - Mileage (Per vehicle) \$.545/mile
 - Lodging
 - Daily Meal Rate
-

U.S. AIR FORCE

EVACUATION ENTITLEMENTS CONT.

- Lodging
 - Reimbursed based on rate at the safe haven location
 - If location is not listed in per diem tables, rate is \$93
 - Actual Expense Allowance (AEA) is not authorized
 - Maximum lodging is equal to combined max lodging of all travelers
 - (Example) Evacuate to Atlanta . Hotel room \$240.00/night.
 - Member auth. \$129.00 max lodging
 - Spouse auth \$129.00 Max lodging
 - Combined auth. covers cost of hotel (You do not get to keep the difference).
 - Hotel tax is a reimbursable expense not included in max lodging rate.
-

U.S. AIR FORCE

EVACUATION ENTITLEMENTS CONT.

- Meal Rate
 - Reimbursed based on rate at the safe haven location
 - First and last day of travel, 75% of rate will be paid regardless of time of departure
 - If location is not listed in per diem tables, rate is \$46
 - Dependents age 12 and over receive 100% of member's rate
 - Dependents under 12 receive 50% of member's rate
-

U.S. AIR FORCE

EVACUATION ENTITLEMENTS CONT.

- Use of Government Travel Card (GTC) is authorized
 - Advances available for members who do not have a GTC:
 - Orders must state advance is authorized and letter from Commander or First Sergeant required
 - Date, time and place of issuance TBD by Battlestaff Directive
-

U.S. AIR FORCE

EVACUATION ENTITLEMENTS CONT.

- Expenses not reimbursed
 - Lodging while staying w/ friends or relatives
 - Pet related expenses (boarding, kennels, transport)
 - Home preparation expenses
 - Automobile expenses – FUEL, repair, maint, oil, etc.
(covered by mileage/incidentals)
 - Actual Grocery expenses (covered by per diem)
 - Non-official calls
 - ATM Fees for personal credit/debit cards
 - Local mileage
-

U.S. AIR FORCE

EVACUATION ENTITLEMENTS CONT.

- Expenses reimbursed
 - Lodging not to exceed rate for safe haven area
 - Lodging taxes
 - ATM Fees (GTC only)
 - Official Phone calls (must be approved by approving official)
-

U.S. AIR FORCE

POST HURRICANE

- “All Clear” is not official termination of evacuation
 - Members must contact chain of command prior to moving from safe haven
 - Installation Commander terminates evacuation
 - Units contact their members with RNLT date and time
 - Dates, times and locations for mass-processing of travel vouchers will be set up and announced in Battlestaff Directive
-

U.S. AIR FORCE

Questions for Finance?

U.S. AIR FORCE

Corvias Hurlburt Housing

U.S. AIR FORCE

Q&A – Residents Residing in Hurlburt Housing

Q: Who will notify the residents if Hurlburt has a mandatory evacuation?

A: Residents will be notified through Hurlburt Leadership.

Q: Should I board up my home or have shutters put in place?

A: No.

Q: Do I need to purchase Renters Insurance?

A: Absolutely! Renters Insurance is an extremely valuable asset to have. Corvias has insurance coverage for the homes themselves but does not cover the content inside the home. We recommend calling different companies to compare rates. Please be advised that once an imminent threat has been issued for your area, insurance companies can no longer update or issue insurance policies. This goes for renters, auto and homeowners insurance.

U.S. AIR FORCE

Q&A – Residents Residing in Hurlburt Housing Continued

Q: Where can I put my pets if I can't take them with me?

A: If you are unable to take your pet(s) with you during an evacuation, do not leave them at home, but rather find a safe place for them such as a boarding facility or vet clinic. Many hotels in the area will accept pets during special circumstances. We suggest calling around and making a list for future reference. Check out www.petswelcome.com.

Q: Will I still be paying BAH if my home becomes uninhabitable?

A: No. If your home becomes uninhabitable, we will not receive BAH.

U.S. AIR FORCE

Q&A – Residents Residing in Hurlburt Housing Continued

Q: What are steps I need to take to protect my belongings?

A: All outside items should be secured so they do not fly around. We recommend all large items such as trampolines, picnic tables, etc. be turned over and secured and smaller items placed in outside storage or inside the home.

Q: My spouse is deployed and I cannot move any belongings myself. What do I do?

A: Our maintenance team can help those whose spouses are not with them in securing their outside items.

Our Role

Public Affairs will:

- Post the most up-to-date information regarding hurricane preparedness
- Update [Hurlburt Field Facebook](#) page with information in the event of a hurricane emergency
- Offer references for further information from outside organizations

U.S. AIR FORCE

Hurlburt Field Official

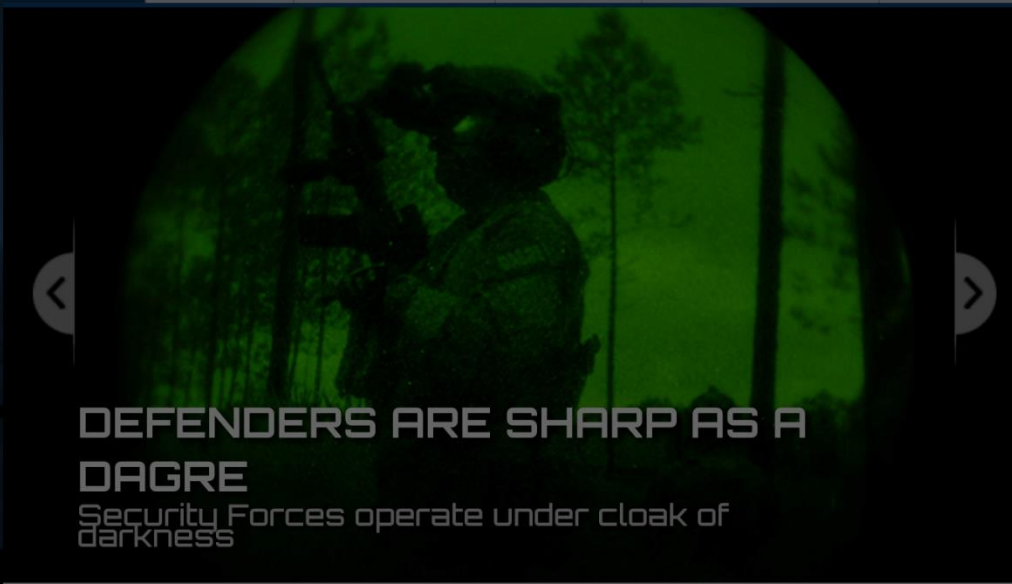

Facebook page interface for Hurlburt Field. The top navigation bar includes the search bar with 'Hurlburt Field', the user profile 'Marleah Koi', and navigation links for Home, Friends, Messages, and Settings. Below the navigation bar are tabs for Page, Inbox (21), Notifications (1), Insights, Publishing Tools, Promotions, Settings, and Help.

The main content area features a large video player showing two AH-64 Apache helicopters on a tarmac with a soldier in the foreground. Below the video are interaction buttons: 'Liked', 'Following', 'Share', and 'Contact Us'.

On the left side, there is a profile picture of a 'GHOSTRIDER' artwork, the name 'Hurlburt Field' with a verified badge, and the handle '@HurlburtFieldOfficial'. A vertical menu lists various page sections: Home, About, Photos, Instagram feed, Welcome, Inside the Gates, Hurlburt newbies, Events, Posts, Videos, Services, Shop, Groups, and Notes.

The central post area includes a 'Write something...' text input field and a grid of action buttons: 'Share a photo or video', 'Advertise your business', 'Start a live video', 'Get messages', 'Publish a job post', 'Create an event', 'Create an offer', and 'Write a note'. A 'See All' link is located below this grid.

On the right side, there is a 'Government Organization' badge, a placeholder for a profile picture, and an 'Our Story' section with the text '+ Tell people about your business'. At the bottom right, a service badge indicates '84% response rate, 1 hour response time' and 'Respond faster to turn on the badge'.

HURRICANE PREPAREDNESS

City of Destin (Okaloosa Today) Hurricane Preparedness - June 2015

EMERGENCY INFORMATION

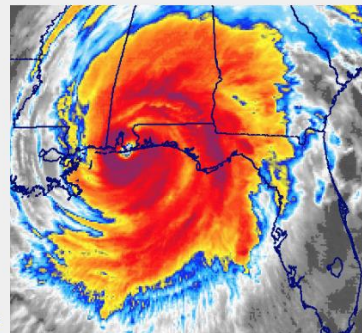

Welcome to the Hurlburt Field hurricane information page! When a tropical storm or hurricane has its eye on the Emerald Coast, come here for the latest information. There are also several resources to help you before, during and after a storm hits. Remember that planning is vital to the safety of you and your family. Don't wait until the last minute when a storm is in the Gulf of Mexico to begin preparing. (Graphic courtesy of NOAA)

U.S. AIR FORCE

Air Force Personnel Accountability and Assessment System (AFPAAAS)/ IPR

U.S. AIR FORCE

What is AFPAAS?

The U.S. Air Force Personnel Accountability and Assessment System (AFPAAAS) standardizes a method for the Air Force to account, assess, manage, and monitor the recovery process for airmen and their families affected and/or scattered by a wide-spread catastrophic event.

The AFPAAAS provides valuable information to all levels of the Air Force chain of command, allowing commanders to make strategic decisions which facilitate a return to stability.

- **Natural or man-made disaster...**
 - **Catastrophic in nature...**
 - **Potential for wide spread injury or death to Airmen and families**

The U.S. Air Force Personnel Accountability and Assessment System (AFFAAS) standardizes a method for the Air Force to account, assess, manage, and monitor the recovery process for airmen and their families affected and/or scallered by a wide-areed catastrophic event. The AFFAAS provides valuable information to all levels of the Air Force chain of command, allowing commanders to make strategic decisions which facilitate a return to stability.

AFFAAS allows Air Force Personnel to do the following:

- Account for Personnel
- Search for Personnel
- View/Get Contact Location Info
- Real Time & Over Time Reporting

Air Force Preparedness

Personnel accountability system live AF-wide May exercise planned
Source: Air Force Personnel Center Public Affairs

4/22/2016 - (RANDOLPH AIR FORCE BASE, Texas) - The Air Force implemented the Air Force Personnel Accountability and Assessment System April 1, a new program to improve global disaster personnel accountability management, reporting and case management across the Force, and plans to test the system in a force-wide exercise May 15-21.

"The May exercise will evaluate AFFAAS to ensure the Air Force is truly ready for the 2016 hurricane season," said Tim Dayland, Assistant Deputy Chief of Staff for Manpower and Personnel. Designed to synchronize Air Force reporting with the Department of Defense's accountability system, AFFAAS meets combatant commander and OOD requirements for personnel tracking by ensuring accountability of all Air Force personnel including active-duty Airmen and family members, Guard members, reservists, civilians and contractors overseas.

An Air Force-wide exercise held March 16-20 tested the AFFAAS system. The exercise allowed Air Force leaders to identify lessons learned and work through some issues before the program went live April 1. The March exercise achieved its goal to orient and familiarize the Air Force with AFFAAS, according to Major Reid. "Over 150,000 members were accounted for in the system--this was a huge success," he said.

"However, we're not done yet. The exercise showed the need for one last fine-tuning exercise before the 2016 hurricane season," Major Reid added, referring to the planned May exercise. Lessons learned submitted from the March exercise highlighted challenges related to training, labor relations, privacy concerns and lack of understanding of disaster accountability roles and responsibilities by commanders and members.

"These challenges are aggressively being addressed and will be closely evaluated during the May exercise," said Mr. Dayland.

Needs Assessment Survey (Introduction)

If you or your family needs IMMEDIATE help with basic necessities such as water, food, shelter, or medical care, please call 1-800-435-9941, 210-565-2020/DSN 665-2020

About This Survey

Please review each of the 19 categories in the survey and check whether you have disaster-related needs. In each area of need that you answer "Need Assistance" or "Not Sure", you will then be shown a more detailed checklist to identify your specific needs. It is important that you specify your needs honestly and as accurately as possible. Assistance will be provided as quickly as possible based on the severity and type of needs you identify.

- [Who is eligible for Air Force Family Disaster Assistance?](#)
- [Why should I complete this survey?](#)
- [What happens after I complete the survey?](#)
- [How and when will I be contacted?](#)
- [Who will have access to my information?](#)

Q1: Who is eligible for Air Force Family Disaster Assistance?

- Air Force Service Members (Active and Reserve)
- Air Force Civilian Employees (both civil service and non-appropriated Funds (NAF))
- Eligible family members of service members and employees

At the Air Force's direction, the Air Force Family may also include other personnel such as other service members assigned to Air Force commands, tenants on Air Force installations, Air Force retirees and their families, and members of the individual ready reserve (IRR) and their families. In the case of deceased, injured or missing Air Force service members or civilians, the definition may also include certain extended family members (parents, parents-in-law, guardians, brothers, sisters, brothers-in-law, sisters-in-law).

Recovery After The Storm

- Stay informed. Call Airman & Family Readiness Center for immediate help (850)-884-5441/5442
 - Check the Hurlburt Field Web page
- If you have evacuated, return home only when authorities tell you that it is safe
 - Be patient. Do not rush if traveling, expect delays
- Only enter your home once it has been deemed safe by local/base authorities
- Check for damage
- Begin an inventory on your home
- Let squadron and family members know you are safe

U.S. AIR FORCE

How can the A&FRC/EFAC help you and your family?

- **Emergency Family Assistance Center** - When a disaster occurs the Installation Commander will activate an EFAC to serve as the focal point for victim and family assistance services. IAW DoDI 1342.22 and AFI 34-1101, the EFAC serves as the staging area where families can obtain disaster relief, contingency information, and services.

 - **The A&FRC will be the focal point for the EFAC**
 - Our primary mission is to integrate services that will address the practical and emotional needs of families affected by the disaster.
 - Refer emergency relief supplies and donations (food, clothing, comfort” items, etc.).
 - EFACs will be staffed, in addition to A&FRC personnel, with representatives from *Mental Health, Chapel, Legal, Services, Public Affairs, and American Red Cross (ARC)*.
