Tropical Cyclone Frequency

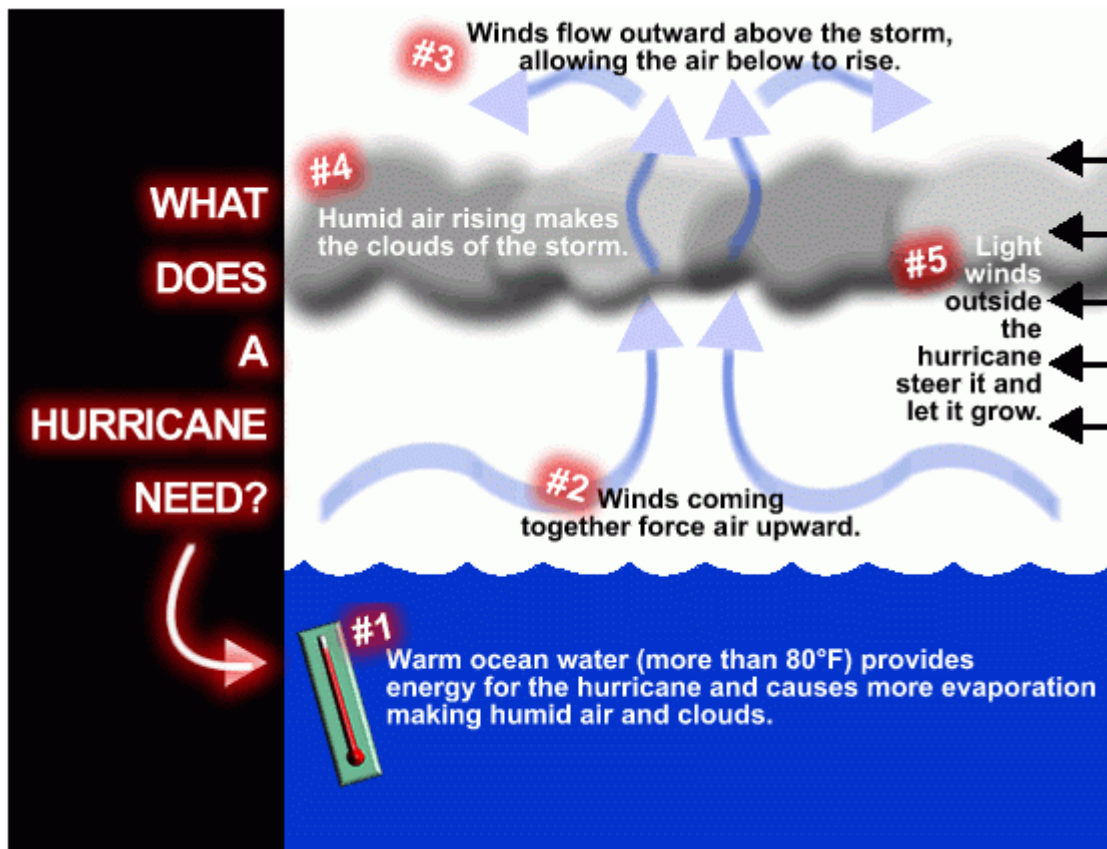

- *Each year, an average of 14 named storms develop over the Atlantic Ocean, Caribbean, and Gulf of Mexico., of those 14, seven become hurricanes and of those seven, three intensify major hurricanes status.*
- *On average 5 hurricanes (2 being major hurricanes) strike the United States coastline over a 3 year period.*

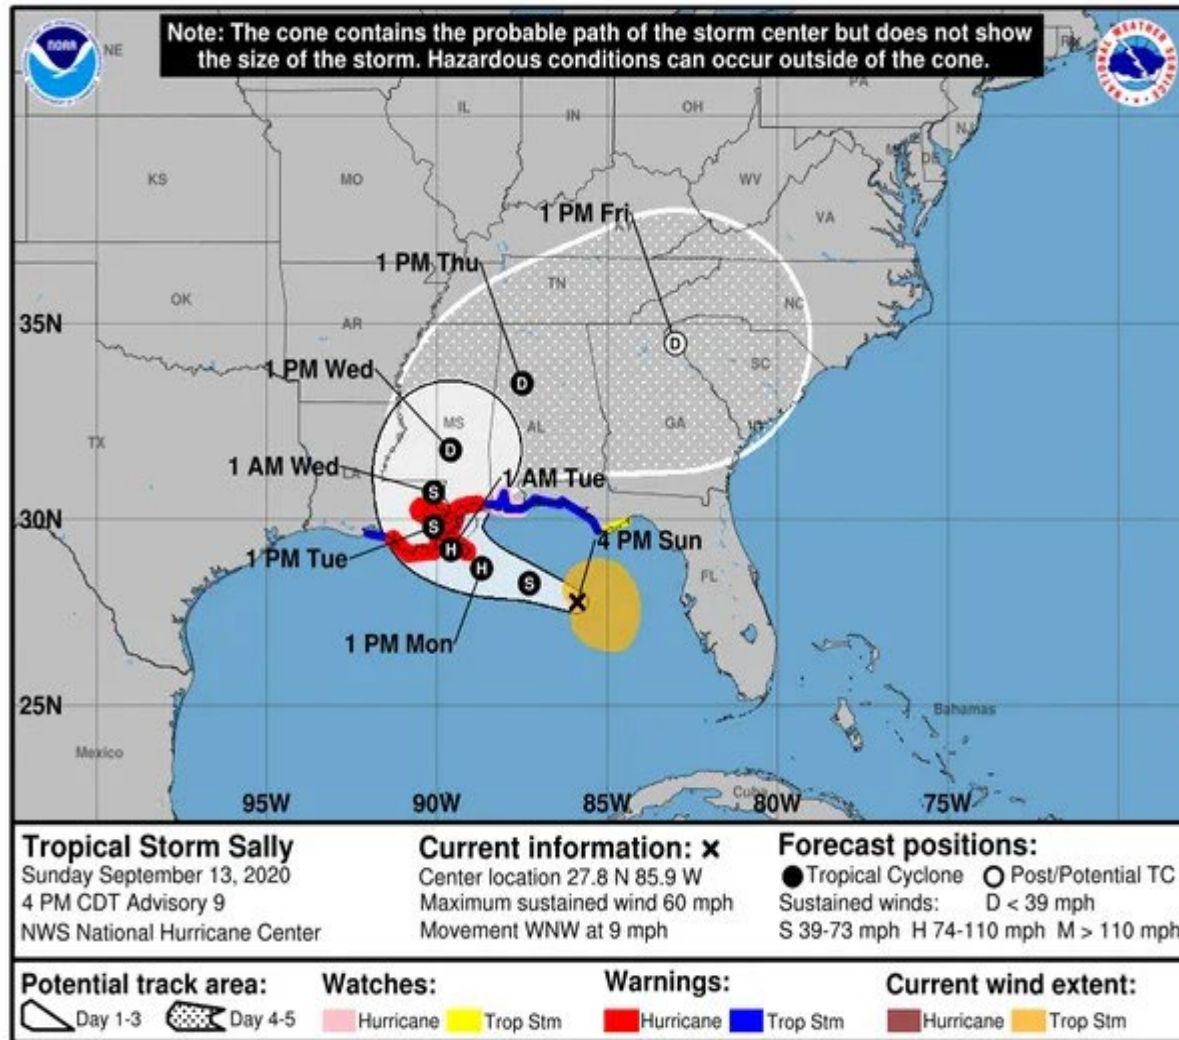

Hurricane Formation

- *Many hurricanes begin as a wave of thunderstorms moving westward across Africa.*
- *Storms are generally 300 miles wide but can be up to 1000 miles.*
- *A typical eye wall ranges from 20-30 miles across.*

Hurricane Forecasting

National Hurricane Center's forecast cone shows possible storm center path.

Rain bands can cause localized heavy rains/flooding as well as tornadic activity.

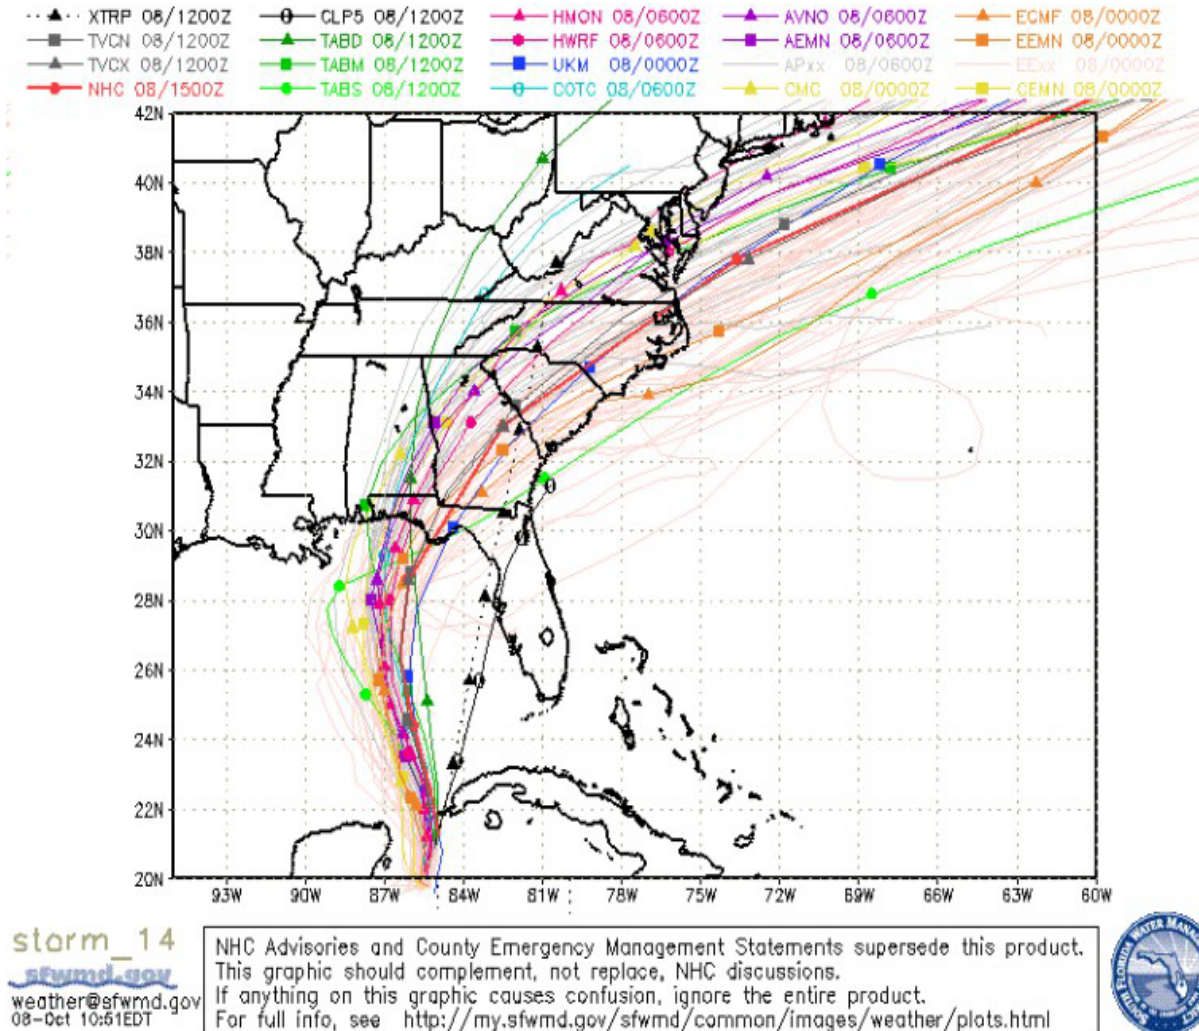

Right side with respect to movement is generally the area of worst weather.

Forecast Challenges

Spaghetti Models

- *These visualize many different computer simulations for each of the various tropical forecast models.*
- *Forecasts will become more precise as the storm matures and nears landfall.*

Weather Sources

- *1 SOW Commander has the most specific and up-to-date forecast for Hurlburt Field.*
- *Local Weather Stations show impacts to the surrounding areas.*
- *National Weather Stations show much broader scale forecasts but tend to focus on the areas that are anticipating the worst damage.*

Hazards Associated with Hurricanes

Any Time...Any Place

Individual Military Actions

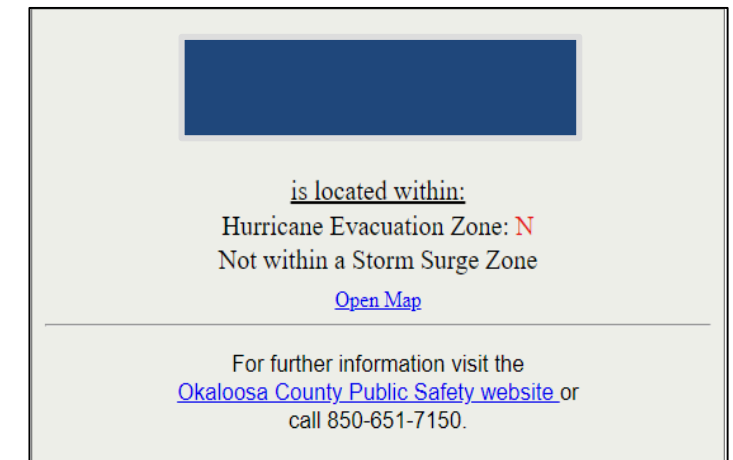

- Comply with mandatory evacuation orders
 - *Mandatory means mandatory*
 - Adhere to specified radius
 - Notify unit of evacuation location
 - Notify family members if you are appointed to the Hurricane Ride-out Team or Aircraft Evacuation Team
 - Family members may be required to evacuate without you
 - Do not return until recalled
-
- **EVACUATIONS MAY LAST WEEKS TO MONTHS, DEPENDING ON THE EXTENT OF DAMAGE TO THE SURROUNDING AREA**

Family Actions

■ PLAN AHEAD

- Create Family Care Plans – see your First Sergeant for help with family care plans (**mil to mil/single mil members**)
- Have a 72 hour “go-bag” that is ready for evacuation, tailored to your family’s needs
- Sign up for your county’s alert notification system and ‘Know your Zone’
 - Okaloosa: <http://www.co.okaloosa.fl.us/ps/emergency-management>
 - Santa Rosa: <https://www.santarosa.fl.gov/666/Emergency-Management>
 - Escambia: <https://myescambia.com/our-services/public-safety/beready>
- POV: Keep a full tank of gas in it if an evacuation seems likely
 - Gas stations may be closed during emergencies; unlikely to pump gas during power outages
 - Plan to take one car per family to reduce congestion and delays

Family Actions Cont.

During Evacuation

- Plan for severe traffic congestion; leave early enough
- Know safe haven locations
- Know where you are going and how you are getting there, be alert for road hazards
 - Flooding
 - Road closures
 - Debris

- Follow recommended evacuation routes, do not take short cuts; they may be blocked

▪ After Evac

- Check before you travel; *returning home before storm debris is cleared is dangerous*
- Residents returning should expect and prepare for disruptions to daily activities
- Consider battery banks for mobile devices in advance of extended power-outages
- Monitor Fuel before and during transit; check for outages along your route (gas buddy, waze can help)

- **Do not leave your pets behind**
-

Supply Kit

- **Build a disaster supply kit**

- Plan for 3 to 7 days
 - Non-perishable food
 - Water (one gallon per person per day minimum)
 - First-aid supplies and any prescription medication
 - Portable radio with spare batteries
 - Toiletries/hygiene items

- <https://www.travel.dod.mil/Travel-Transportation-Rates/Per-Diem/>

Helpful Tips for Unit Commanders

Questions?

Mayroad Hurlburt Housing

Any Time...Any Place

Q&A – Residents Residing in Hurlburt Housing

Q: Who will notify the residents if Hurlburt has a mandatory evacuation?

A: Residents will be notified through Hurlburt Leadership.

Q: Do I need to purchase Renters Insurance?

A: Absolutely! Renters Insurance is an extremely valuable asset to have. Mayroad has insurance coverage for the homes themselves but does not cover the content inside the home. We recommend calling different companies to compare rates. Please be advised that once an imminent threat has been issued for your area, insurance companies can no longer update or issue insurance policies. This goes for renters, auto and homeowners insurance.

Q&A – Residents Residing in Hurlburt Housing Continued

Q: Where can I put my pets if I can't take them with me?

A: You must take your pets with you! Many hotels in the area will accept pets during special circumstances. We suggest calling around and making a list for future reference. Check out www.petswelcome.com.

Q: Will I still be paying BAH if my home becomes uninhabitable?

A: No. If your home becomes uninhabitable, we will not receive BAH.

Q&A – Residents Residing in Hurlburt Housing

Continued

Q: What are steps I need to take to protect my belongings?

A: All outside items should be secured so they do not fly around. We recommend all large items such as trampolines, picnic tables, etc. be turned over and secured and smaller items placed in outside storage or inside the home.

Q: My spouse is deployed and I cannot move any belongings myself. What do I do?

A: If unable to properly secure outdoor items, you should work thorough the service member's First Sergeant to make arrangements for assistance. While our maintenance team will make themselves available to help to the greatest extent possible, their availability will be limited as they prepare the neighborhood during an actual event.

Storm Preparedness

High Winds and Heavy Rainfall Expected

PREPARE FOR THE STORM

- Water
- Non-perishable food
- Non-electric can opener
- First aid kit, medicines and prescription

*Thank you and be safe,
The Mayroad Hurlburt Team*

*** ANNOUNCEMENT ***

The AF Crisis Action Team (AFCAT), on behalf of the AF/A3 directs all Air and Space Force units to terminate accountability efforts for RW21 Winter Storm in the Air Force Personnel Accountability and Assessment System (AFPAAS).

Unit Commanders and Directors are to continue to use normal command channels to account for their personnel. Airmen, Guardians, and families impacted by Winter Storm Uri are to contact their installation Airman and Family Readiness Center for information on agencies and resources for assistance.

The U.S. Air Force Personnel Accountability and Assessment System (AFPAAS) standardizes a method for the Air Force to account, assess, manage, and monitor the recovery process for airmen and their families affected and/or scattered by a wide-spread catastrophic event. AFPAAS allows Air Force Personnel to do the following:

- ★ Search for Personnel
- ★ View/Edit Contact Location Info
